PROPERLY CENTERED IS HALF BALANCED

WHEEL CENTERING SOLUTIONS

## LIGHT CONE TRUCK KIT

### # 150 400 091 fits most Wheel Balancers

Truck wheel balancing is increasingly important, and the Haweka light truck cone kit I can be used on most of the smaller truck wheels.

Centre wheel holes from 120mm to 174mm  
Double sided cone:

120mm to 150mm  
147mm to 174mm

Alloy spacer has ID 180mm  
OD 220mm

Wheel balancer shaft sizes of 36mm, 40mm, 46mm.

Part numbers  
150 400 091 = 40 mm  
150 360 091 = 36mm  
150 460 091 = 46mm
